Tel: 713-947-0120  
Fax: 713-943-8719  
Toll-Free: 800-231-4253

As part of the Texas Pipe family of companies, J&J Alloys is an industry leading manufacturer of nickel alloy fittings and flanges.

J&J Alloys manufactures a comprehensive portfolio of fittings and flanges unrivaled in the industry, in various grades of nickel alloys and specialty stainless steel. We service a broad customer base, including the global petrochemical, pharmaceutical, refining, and oil & gas markets. In applications where corrosion, extreme temperatures, and/or high pressure scenarios are present, our knowledgeable staff can provide the material needed utilizing our extensive inventory. With over 60 years as an industry leader, J&J Alloys puts customers' needs first and adds value to any project where nickel alloys and stainless grades are utilized.

#### Capabilities & Accreditation:

- ◆ ISO 9001:2015 certified
- ◆ Major A.M.L. approved materials
- ◆ CRN approved manufacturer (all territories)
- ◆ ASTM; ASME; ANSI; MSS
- ◆ In-house manufacturing
- ◆ Forged products available
- ◆ Additional materials available upon request
- ◆ 24 hour call-out service
